

BGIS

SUPPLIER
INNOVATION
AWARD

2026
WINNER

Congratulations to DVM Industries LLC!

Dear Valued Innovative Suppliers,

Thank you to all who submitted your innovative initiative for consideration for our first stand-alone **2026 BGIS American Supplier Innovation Award!** This year we received submissions from **15 from American companies.** An evaluation committee comprised of our U.S. business leaders evaluated each submission based on their **innovative** and **sustainable** contribution as well as the impact on operational efficiency and operating cost savings.

This award recognizes our top supplier who has adopted innovative practices to improve efficiencies and increase operational sustainability.

We would like to congratulate **DVM Industries LLC** for winning the first **2026 BGIS American Supplier Innovation Award!**

DVM's scalable, API-driven service delivery framework unifies work order management, field execution, and performance analytics across platforms delivering measurable impact to BGIS and

our Clients through enhanced operational efficiency, cost control, and added value.

Collectively, DVM's innovations have demonstrated a strong commitment to operational excellence, client satisfaction, and environmentally responsible practices.

We appreciate all our suppliers who showcased their thought leadership and innovation for the purpose of improving economic, social, and environmental sustainability for BGIS and our clients.

Your next challenge...

As a BGIS strategic supplier, we invite (and challenge) you to continue developing innovative programs and provide us with at least one new innovation submission for the next BGIS American Supplier Innovation Awards.

We look forward to continuing our partnership in support of our mutual clients. Thank you once again for submitting your innovations to the 2026 BGIS American Supplier Innovation Award and contributing to the success of the initiative.

John Castelhana
Senior Vice-President
Strategic Sourcing, North America & UK

Ron Keller
Executive Vice-President
BGIS U.S.
