

Congratulations to our winners!

Dear Valued Innovative Supplier,

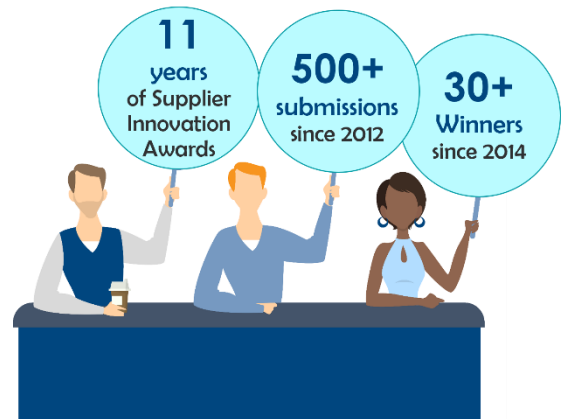

Thank you for submitting your innovative initiative for consideration for the **2025 BGIS Supplier Innovation Award!** As the world becomes more aware of the need to reduce our environmental impacts, you are proving that those companies who are leaders in the area of innovation and sustainability will prosper.

We appreciate all our suppliers who showcased their thought leadership and innovation for the purpose of improving economic, social, and environmental sustainability

for BGIS and our clients.

It's truly inspiring to see all the sustainability initiatives that are underway!

This year we received **60+ submissions** from North American companies. An evaluation committee comprised of sustainability and supply chain experts evaluated each submission based on their **innovative** and **sustainable** contribution as well as the impact on operational efficiency and operating cost savings.

The 2025 Supplier Innovation Award Winners were:

ALERT LABS INC

AlertAQ™ Smart Water Leak Detection

Their new water shut-off valves, and powerful, new leak detection algorithm, LeAQ™, for the AlertAQ™ water intelligence platform has helped their Clients:

- Conserve more than 10.6 billion gallons (40 billion liters) of water;
- Save over \$100 million in avoided damage and water costs;
- Prevent 110 thousand tonnes (243 million pounds) of CO2e from entering the atmosphere.

COUNTRYSIDE CONCRETE SERVICES

"System 28" Stainless steel band refurbishing of fuel islands

Converts rusted metal fuel islands into stainless steel islands using a patten stainless steel banding system.

- *Cost and time efficient and doesn't require the removal of existing concrete or any material from the gas station*
- *No loss of sales as no down time at the fuel pumps.*

CITRON HYGIENE

Menstrual Equity in Federally Regulated Workplaces

They offer a wide range of products and services that enable large enterprises to seamlessly integrate menstrual hygiene solutions in their facilities at scale.

- *Every away-from-home washroom can easily be transformed into a Period Dignity Washroom.*
- *Their air care, urinal and toilet care, and hand hygiene solutions are serviced regularly, allowing organizations to provide advanced hygiene solutions without extra staff or bandwidth.*
- *Products are sustainably produced with 25% less packaging than the industry standard.*

CASE FMS

Case FMS Advantage

Their FMS Advantage technology allows for their team to develop optimized routes for their service partners.

- *Can be used to reduce the driving time required to accomplish daily tasks*
- *By reducing drive times, they support reductions in fuel consumption and carbon emissions for their 23,000+ partners in their network.*

We would also like to extend our congratulations to the **Honourable Mentions** who receive special recognition for Innovative Solutions and Circular Economy:

CECC ROOF MAINTENANCE SOLUTIONS (RMS)

- *Drone and AI-Enabled Roof Inspections*
- *With its sister company Maintenance Drone Co, RMS has developed a proprietary solution using drones, AI diagnostics, and integrated data to provide a faster, safer, and more cost-effective alternative for roof inspections*

SKYDWELLER

- *Revolutionizing Exterior Cleaning with Autonomous Aerial Innovation*
- *By leveraging autonomous cleaning drones powered by patent-pending AI precision aerial technology, Skydweller is 5-10 times faster, safer, and more cost-effective than traditional methods.*
- *Canadian Indigenous-owned and CCIB certified*

ENTOUCH CONTROLS

- *Partnered with the Professional Services team to help deliver EMS building controls that integrate seamlessly with the Remote Command Center (RCC) as part of the Smart Retail Controls program*
- *Leverage advanced ML algorithms to optimize asset performance across weather changes and seasonality*
- *Operational and energy efficiencies for customers*

Your next challenge...

As a BGIS strategic supplier, we invite (and challenge) you to continue developing innovative programs and provide us with at least one new innovation submission for the next BGIS Supplier Innovation Awards.

We look forward to continuing our partnership in support of our mutual clients.

Thank you once again for submitting your innovations to the **2025 BGIS Supplier Innovation Awards** and contributing to the success of the initiative.

Once again congratulations to all the winners and honourable mentions!
