### Overview

BGIS Global Integrated Solutions Canada LP (BGIS) has arranged for projects, (excludes Property Management Services) to be insured under a blanket Wrap-Up Liability program as mandated by Public Works. The insurance program insures all eligible contractors and subcontractors under contract with BGIS and other designated parties for work performed at the project sites.

A contractor or subcontractor is a person, firm, joint venture, corporation or other party that has entered into a contract with BGIS to perform work at the project site(s), and also includes an agreement between a contractor and any tier of subcontractor, or any vendors

Coverage under the BGIS Blanket Wrap-Up Insurance Program includes Wrap-up General Liability and Excess Wrap-up Liability Insurance (where applicable to be performed by BGIS).

All other coverages which may be required by contract or desired by the contractor such as Builders Risk, Course of Construction, Automobile, Contractor's Pollution Liability, Aviation Liability, Marine Liability, Cargo, Property and Contractors' Equipment, Workers' Compensation etc. are **NOT** included under the Blanket Wrap-Up Insurance Program secured by BGIS.

***Note: Insurance coverages and limits provided under the Blanket Wrap-Up insurance program are limited in scope and are specific to work performed after the inception date of your enrolment into this program. **See Section 9 for sample Memorandum of Insurance**

**Prior to mobilization and within ten (10) days of renewal, change or replacement of coverage, contractors and subcontractors will submit to BGIS a Certificate of Insurance or Memorandum of Insurance evidencing the coverage and limits as specified in this section. A 30 day notice of cancellation provision, waiver of subrogation and Additional Insured status is required on all certificates.**

Eligible contractors are to provide evidence of General Liability Insurance for activities as per the insurance specifications in the contract.

Submit verification of insurance in the form of a Memorandum of Insurance, (also known as a Certificate of Insurance), with an insurer approved by BGIS. Provide verification of insurance to BGIS prior to mobilization and within ten days of any renewal, change or replacement of coverage. A sample of an acceptable Memorandum of Insurance form is provided in Section 9. Please note requirements for thirty (30) days' notice of cancellation, waiver of subrogation and Additional Insured status.

Contractors are responsible for monitoring their subcontractors' Memoranda (Certificates) of Insurance. BGIS reserves the right to disapprove the use of subcontractors unable to meet the insurance requirements. Certificates evidencing compliance are to be available to BGIS upon request.

The limits of liability shown for the insurance required of the contractors and subcontractors are minimum limits only and are not intended to restrict the liability imposed on the contractors and subcontractors for work performed under their contract. Contractors and subcontractors will be responsible for paying contract loss obligations (deductible).

### Commercial General Liability/Umbrella Liability
