

BGIS CELEBRATES
INTERNATIONAL
WOMEN'S DAY
2025

Celebrating Women in Leadership and Business

In recognition of International Women's Day, BGIS is excited to host our first *"Celebrating Women in Leadership and Business"* event, and we invite you to join us!

We will hear from some amazing women - BGIS Women Leaders and from Women whose businesses have grown through their partnership with BGIS.

Please join us!

Date: Wednesday, March 12 2025

Time: 2:00 – 3:00 PM EST

[Register for Webinar](#)

We will focus on the following topics:

- BGIS company information and brief background
- Our procurement processes and what type of opportunities we have
- Where to find opportunities / register to become a BGIS supplier
- How some of our women-owned supplier partners have built successful partnerships with BGIS and grown their businesses

Meet our speakers:

Adriana Bitonte-Recourt

Executive Vice President, Client Services, BGIS

Adriana has responsibility for Major Clients services nationally and oversees the Client Services Management Office focused on Account Management Operational Standards across all client accounts.

Rhonda Brain

Managing Director, BGIS

Rhonda leads one of BGIS's largest telecommunication client accounts, delivering service excellence across a national portfolio of over 6 million square feet.

Jennifer Gourley

President, Harding Fire Protection Services

For 35 years, Harding Fire has been a trusted provider of customized fire and life safety inspection and maintenance services across Ontario, prioritizing their clients' compliance needs, ensuring they are met with the highest standards. The organization is built on the principle that the customer always comes first, and they are dedicated to exceeding expectations, while specializing in complex portfolios and critical environments.

Andrea Robinson

President & CEO, Robinson Global Management

Robinson Global Management (RGM) is a Canadian corporation which to date has advised on over \$1 Billion in procurement. RGM specializes in public sector procurement consulting with a focus in infrastructure, renewable energy and I&IT smart city. RGM enable our clients to meet complex sourcing needs, with risk adverse and worry-free efficiency and expertise.

Stacey Harralson

President, Wasteology Group

Wasteology is a waste and recycling services company that provides waste management solutions for companies throughout the United States, offering tailored sustainability strategies to help clients divert waste from landfills, reduce emissions and reduce costs.

BGIS is a global leader in integrated facility management services including Facility Management, Project Delivery Services, Critical Environments, Energy and Sustainability, Strategic Asset Management, Technical and Real Estate Services, Workplace Solutions and Sustainable Cleaning Solutions.

Supplier Diversity and Inclusion is an important BGIS strategic initiative that ensures we are inclusive in our strategic procurement practices. We recognize and value the innovations and importance that a diverse supplier group contributes to our business and are committed to providing opportunities to historically underutilized groups.

**Note: The event will be held in English, however, the material will be made available in French upon request.*
