BGIS / Avetta Follow-up

Further to our communication from April 1st, this communication serves as a follow-up reminder to register with Avetta.

BGIS has appointed Avetta (www.avetta.com) as our 3rd party supplier compliance provider for our Canadian Clients effective April 1, 2021. We are very excited about the enhanced value the Avetta platform will deliver in streamlining the compliance process and enabling financial savings for our Suppliers.

You are not required to renew your subscription **with ComplyWorks in connection with BGIS**. Avetta will be offering a Bridge Program Discount for suppliers transitioning from ComplyWorks and registering a new Avetta account.

BGIS suppliers are required to immediately register or connect your existing Avetta account to BGIS and pre-qualify. As of April 9th, we have over 38% of our suppliers registered with Avetta and would like to thank everyone for their strong engagement and support of BGIS.

Please do not hesitate to contact BGIS Vendor Compliance at SCA@bgis.com if you have specific questions about your working relationship with BGIS.

Regards,

John Castelhana
VP Strategic Sourcing, North America
